Wednesday, October 20, 2010

Dear Customer;

Midwest II is deeply saddened to inform you of the passing of our Plant Manager, Dan Dutkiewicz. Not only was Dan a great Plant Manager and leader, he was loved and respected, and part of the kinship that we have developed over the years. We – and I cannot begin to tell you how much he will be greatly missed.

Our team will experience grief and sorrow for years to come, but Dan would expect us to carry on business as usual. His aspiration has always been to build the business back, and gain our customer's respect, and confidence as your e-coat supplier. Our team, with my support, plans on moving forward with his goal's in mind.

As the Owner, I want to insure you we are committed to maintain and improve our relationships with your expectations in mind for years to come.

Respectfully,

Skip White
Owner
